#### 4. SOUTH AFRICAN TRIALS FOR THE AGILITY WORLD CHAMPIONSHIPS

- 4.1 Eligibility.
- 4.1.1 Dogs must be in Agility 2 with a qualification before the start of the South African Trials to be eligible to compete in the South African Trials.
- 4.1.2 The AWC committee will publish a Show Schedule for the SA Trials by the 31<sup>st</sup> January each year.
- 4.1.3 Bitches in season will be allowed to compete in the South African Trials, on condition that they are kept apart from the other dogs and run last at the judge's discretion in their respective height category. The onus will be on the handler to bring the bitch's condition to the attention of the judge at the Trial.
- 4.1.4 Handlers may enter the South African Trials, by completing and submitting an official KUSA entry form, payment of the entry fee as determined by the AWC committee and payment of the deposit as determined by the AWC committee. The closing date for entry into the SA Trials will be 15<sup>th</sup> April.

- 4.2 Organization.
- 4.2.1 The South African Trials event will be run by members of the AWC Sub-Committee assisted by members of the host Province's Agility Sub-Committee. Refer to Paragraph 2.2.
- 4.2.2 The venue for the South African Trials event will be rotated between the Provinces as often as possible, but the timing of the event and conditions stipulated by sponsors may override this principle. Whenever possible the AWC Trials should be held indoors to simulate the conditions at the World Championships.
- 4.2.3 The South African Trials will be held at least eight (8) weeks prior to the deadline for entries for the World Championships.
- 4.2.4 Each year the AWC Sub-Committee will select two (2) judges to officiate at the South African Trials, from a list of candidate Judges compiled that year.
- 4.3 Format.
- 4.3.1 The Trials will consist of 5 rounds, 3 of which will be Contact Agility. All dogs will jump the same course, with the obstacles set at the heights prescribed for that Category.
- 4.3.2 The running order for the first round will be determined by a random computer draw. The running order for subsequent rounds will be determined by the results table as it stands after each preceding round. The dogs with the least number of points will run first and those with the most number of points will run last, i.e. reverse order of placings. The computer will determine a reasonable gap between dogs for the handlers with more than one (1) dog.
- 4.3.3 The dogs will be awarded points for their performance in each round, using the points scoring system in Schedule 5L Appendix E.
- 4.3.4 After the conclusion of the Trials tables will be compiled to determine the dogs eligible for the South African team.
- 4.3.5 **World Agility Championships: Team Competition**  
 Team Selection: The top-scoring four dogs in each height category will be eligible for the SA team in that height category. If there are less than three breed registered dogs participating at the SA Trials in any particular height category, then no team will be entered into that particular event at the Agility World Championships.
- World Agility Championships: Individual Competition**  
 Selection: The results tables compiled at the conclusion of the SA Trials for the three (3) different height categories will be combined into one results table. Eligibility to compete in the individual competition at the World Agility Championships will be determined as follows:  
 The South African Champion in each height category will be eligible, provided that they are breed registered.  
 There may be a maximum of six (6) dogs in any particular height category and a maximum of nine (9) dogs in total that will be eligible to compete in the individual competition.  
 The eligibility of dogs will be determined according to the combined results table.  
 Note: The dogs competing in the team event do not automatically qualify to participate in the individual event.
- 4.3.7 The next two (2) handlers and dogs in each category will be the reserves. They will not be expected to travel to the World Championships, but must be on standby to take their place in the team in the event of any withdrawals before the deadline date for entries.
- 4.3.8 The winning dog in each category, Large, Medium and Small, will be awarded the AWC Trials Floating trophy and a miniature, which may be kept.
5. **MANAGEMENT OF SOUTH AFRICAN TEAM AFFAIRS FOR THE WORLD CHAMPIONSHIPS.**
- 5.1 A Team Co-ordinator will be appointed by the AWC Sub-Committee by 30 November each preceding year and his / her name announced at the National Trials. A Team Leader/Manager, which may be a team member, may be appointed by the AWC Sub-Committee and his/her name announced at the National Trials. The Team Leader will travel to the World Championships with the team and will be responsible for the organizational and administrative matters at the World Championships.
- 5.2 The AWC Sub-Committee Team Co-ordinator will be responsible for the activities leading up to the World Championships, such as travel and accommodation plans, AWC entries, ensuring that the necessary veterinary certificates are in order, distribution of sponsorship money, clothing, etc. The Team Co-ordinator will announce by 31<sup>st</sup> January the complete documentation requirement for all South African Trial entrants.
- 5.3 The sponsorship for the South African team and funds raised by the AWC Sub-Committee will be used as far as possible to cover the travel and accommodation expenses of the Team and the Team Leader. Any additional persons wishing to travel to the World Championships with the team shall be responsible for all their own expenses, unless they are nominated as extra officials, in which case the AWC Sub-Committee may decide to assist them financially.

- 5.4 Handlers who have qualified for the South African Team must confirm their availability before the announcement of the South African Team. All entrants to the SA Trials need to submit their complete document package fourteen (14) days prior to the commencement of the SA Trials to the Team Leader. The Team Leader will inform entrants as to any errors or shortfalls within their documentation within two (2) working days of submission.

Each entrants' documentation package needs to be 100% complete twenty-four (24) hours before commencement of the SA Trials or they will not be considered for selection as a Team member. Any withdrawal subsequent to the announcement of the team will be subject to a cancellation fee, which will be pre-determined by the AWC Committee.

- 5.5 Handlers who fail to comply with this requirement will be obliged to withdraw from the team. The reserves should also ensure that all their documents are in order so that they do not encounter problems if they have to replace a team member before the closing date for entries.
- 5.6 The Team Co-ordinator or the designated team clothing coordinator shall decide upon the design of the team uniform, which shall be approved by the AWC Committee and sanctioned by KUSA. Team members shall be required to wear this uniform during the opening and closing ceremonies at the AWC, as well as during the competition at the AWC.
- 5.7 All South African Handlers representing KUSA at the Agility World Championships must be members in good standing of KUSA at the time of their competing at the Agility World Championships.

## 6. **SPONSORSHIP.**

- 6.1 The event may be sponsored permanently or on an annual basis by any organization acceptable to the Federal Council of the Kennel Union of Southern Africa. In years when the event is sponsored, the title may be preceded by the name of the Sponsor. Should either KUSA or any Sponsor wish to disassociate themselves with the event, this may not be done so as to prejudice the holding of the event in that year or any succeeding years. For this reason, a contract must be drawn up between the KUSA and any Sponsor establishing the rights and obligations of both should either or both wish to withdraw from association with this Competition.
