

**SCHEDULE 5T(A)**  
**RALLY DOG SIGNS**  
 (Effective 01.10.2021)

Description of Rally signs to be used for competitions (these are based on the FCI standards, with local additions but no omissions).

All exercises can be performed with the dog on the left or the right side of the handler.

The judge is to indicate which side of the handler the dog must start the course.

The exercise area is 1 x 1 meters, if no other instruction has been given.

The exercise is performed on the left side of the sign when the direction of the course does not change. When the direction is changed, the exercise is performed in front of the sign.

In the turning exercises, on the spot means approximately the size of an A4 size paper.

Fluent exercises from Level 1 signs can be performed in slow pace or fast pace. The test card before the fluent exercise determines the pace at which the exercise is performed.

All exercises in which the dog is directed to the front of the handler, end with the dog on the left as instructed in the exercise.

	<p><b>START MARKER</b>                  The dog sits at the handler's left or right side.                  When completed, the team moves forward.</p>
	<p><b>FINISH MARKER</b>                  The course is finished, timing and judging cease when the team have passed this sign.                  The team leaves the competition area at normal pace.</p>
