Co-Opted Committee Members:

CHAIRMAN'S MESSAGE:

Dear Members, Exhibitors and Handlers

I would like to welcome you, to our **34th** annual breed show from Saturday 20th September until Monday 22 September 2025. This year, we are hosting the **South African Sieger show 2025**. This has been an event that we have been working on for many years. In fact, we secured our judge as early as 2022. We have pulled out all stops this year to make this event one of the best ever Sieger shows in South Africa.

We are honoured to have David McKeown judge this event. David is one of the top judges in the world, having judged at some of the most prestigious shows, including the IFR World show, and just last weekend judging in Germany at the pre ADRK Klubsieger show. We are indeed privileged to have a judge all the way from Australia officiating at our event.

If you look at our 2025 committee, you will see that we have some fresh blood, and I dare say, the strongest team in the country. The committee brings decades of experience, while at the same time investing in new and young talent. You will see all the changes in our prizes, venue and show planning this year. I want to thank each and every committee member for the hours of dedication and hard work to make this event a success. Additionally, we could not have done this without our sponsors. The club struggles financially, and this event would have been impossible without the support of key sponsors.

Lastly, we would like to thank you, the exhibitors for the continued support to the club, with just over 100 dogs entered this has been the best across the country. A special welcome is extended to our supporters from far, this year not only from other provinces but from other countries. Let us keep the sportsmanship always at the forefront, while at the same time competing hard. May the most deserving dog win the titles, but the best Rottie be the one you take home.

Barron Africa (Chairman)

OUR JUDGE: MR. DAVID MCKEOWN (AUSTRALIA)

Mr David McKeown
PO Box 400,
Jimboomba. Qld. 4280.
Mobile: 61+ 402652540
Email: dmc84206@bigpond.net.au

I have been honoured to have judged our beautiful breed in many countries and had the pleasure of judging several BsE and holding a number Breed Lectures in conjunction with some of the shows I have judged. And in May 2019, I had the greatest honour of being selected to judge at the IFR World Rottweiler Show in China.

General

- The rules of Sch 3 Championship shows, Sch 5E (21) Rottweiler Specialist Championship shows and Sch 5E (18) SA Rottweiler Sieger Show (for National Sieger shows only), and Sch 5E(25) Rottweiler Regional Sieger Shows (for Regional shows only).
- Only V graded dogs compete for the CC and RCC awards.
- Please make sure that your dog is entered into the correct class, as Sieger titles are awarded to classes per the schedule. Additionally, the SA Sieger titles are only awarded to dogs over 24 months that have either a BA, BST/ZTP or CT qualification. Please make sure that it correctly reflects for your dog in the catalogue.
- Bitches in season are allowed in this Show, but exhibitors are requested to show consideration for other exhibitors in such cases. Bitches in season will not be allowed anywhere near Obedience rings (ref Rule 9(b) of KUSA Show Rules and Regulations).
- Every care has been taken in compiling this Catalogue, but it is possible that errors may occur. If a mistake is noticed in your particular entry, please report it to the Show Secretary.
- Only Rottweilers that are identifiable and who feature in this catalogue may compete. Identification of dogs will be performed in a marshalling area outside the ring. Scanners are provided by the Show-holding club, but do note that the onus is on the exhibitor to prove identification. ***This means that if your dog's ID cannot be read, you will need to consult show management for procedure.***
- Exhibitors must enter the ring/marshalling area when their exhibit number is called. Late exhibitors will be marked absent and under no circumstances will classes be re-judged. It is the exhibitor's responsibility to be aware of this.
- At Specialist Shows ONLY a V-grading may be awarded to dogs and bitches of exceptional quality in the opinion of the Judge, this grading is awarded from the JUNIOR Classes onwards.
- Kindly note that exhibitors may not hold conversation with the judge during competition except to answer questions, and anyone who persists to do so despite request not to do so, either by the Judge, Steward or Show Manager, may be disqualified and have prizes/awards already won, forfeited.

- **DO NOT** leave any dog/s unattended in your vehicle!!
- **DO** enjoy the show!!
- We the Committee are at your service, therefore do not hesitate to ask for our assistance when needed!!

IMPORTANT

Exhibitors are responsible for control over and the behaviour of their dogs. Under no circumstances will either KUSA or the Show-holding Club accept any responsibility for incidents in- or outside the ring.

Visitors are asked not to touch or interfere with the exhibits in any way. The committee accepts no responsibility for injury or damage caused by disregarding this warning.

R130

OMEGA 3 & 9

BENEFITS OF FEEDING RAW FOOD

- 1. Improved Coat and Skin Health**
 Raw diets are often rich in omega fatty acids from raw meat, fish, and oils. Many owners notice shinier coats, reduced itching, and fewer skin problems compared to processed kibble diets.
- 2. Higher Energy and Lean Muscle Mass**
 The high protein content in raw food supports muscle development. Some dogs show increased stamina and energy levels once transitioned to raw feeding.
- 3. Weight Management**
 Raw diets are generally lower in carbohydrates compared to kibble. This can help with maintaining a healthy weight, especially in overweight dogs.
- 4. Reduced Allergies and Sensitivities**
 Some dogs with food sensitivities improve on a raw diet because it avoids fillers, artificial additives, and grains. A more natural ingredient list may reduce chronic issues like ear infections, hot spots, and digestive upset.
- 5. Enhanced Digestion**
 Raw diets often contain enzymes from uncooked food that may aid digestion. Many owners report less gas, less bloating, and healthier gut function.
- 7. Smaller, Firmer Stools**
 Raw diets are highly digestible, meaning dogs absorb more nutrients and produce less waste. Stools tend to be smaller, firmer, and less odorous.

B48		USLANN FENDI - <i>Sire: CH DOCTOR TIMIT-TOR SRB BG CH HD-A ED-0</i> <i>Dam: USLANN KYLIE</i> Reg. No: ZA007953B23 DOB: 15-Apr-2023 ROTTWEILER BITCH	Chip No: 944,000,000,044,962 Tat No: - Owner: MR MN GERUM/MR S SOEKER Breeder: MR A SIEED	Grade: ABSENT

✓ Cycle Monitoring

We monitor the cycles of bitches to establish the ideal dates for breeding. Monitoring includes vaginoscopy where we assess, from the nature of the vaginal surface, where she is in the cycle. In order to hone in on the most critical days, we also use blood progesterone levels. This enables efficient planning of the breedings, be they natural mating or artificial insemination.

✓ Artificial Insemination – Fresh Semen

If natural mating does not or cannot occur for any reason, the bitch can be inseminated. Monitoring for correct timing is done. Bitches are inseminated every 48-hours during the peak season.

✓ Artificial Insemination – Chilled Semen

A network of experienced vets have been set up around South Africa. Semen can be collected and chilled. It is then shipped, same day, to the appropriate province for insemination.

✓ Artificial Insemination – Frozen Semen

Semen can be frozen and stored at -196 degrees Celsius. In this state, semen can be imported from any country in the world. Also semen can be frozen and stored from males for future use. The timing of insemination is critical for success and bitches are closely monitored. Semen must be deposited directly into the uterus.

✓ Semen Freezing

Semen from dogs can be successfully frozen and then stored in liquid nitrogen as long as needed. It can only be frozen if the quality prior to freezing is of a good quality, and this is established before processing. Semen is stored at our facilities. Trips can also be arranged to other parts of South Africa such as Johannesburg or KZN to freeze semen when there are enough males for freezing.

✓ Caesarians & pre-partal monitoring

The clinic performs both elective and emergency caesarians and provides a service to determine the correct date to safely perform caesarians and minimize loss of puppies for breeders. Our temperature controlled incubator provides a comfortable environment for the puppies while waiting for mom to wake up.

✓ Pregnancy Scanning and maintenance

Pregnancy can be scanned using ultrasound and problem pregnancies can be managed.

✓ Infertility Cases

Infertile or subfertile animals are investigated and treated accordingly.

✓ Semen Evaluation

The quality of any male dog's semen can be evaluated prior to planned breeding or to investigate cases of infertility.

✓ Transcervical Endoscopic AI

We are now excited to be able to offer TCI as an option for direct intra-uterine insemination.

BITCHES: VETERAN

B49	BA	LEGION GINGER - <i>Sire: VIKKO DELLA VAL DI NOTO</i> <i>Dam: LEGION DUSTY</i>	Chip No: 900,250,000,400,025	Grade:
