

The Beagle Association of Gauteng welcomes you
ANNUAL CHAMPIONSHIP SHOW

MARKED CATALOGUE

Judged by Mr. John Sivge Berg
Goldfields Kennel Club
15 August 2026

Welcome!

The committee of the Beagle Association of Gauteng extends a warm word of welcome to our exhibitors and supporters of the club, present today. Without you, our show wouldn't be a show, and we appreciate every entry received.

We are stoked to welcome our judge, Mr. John Sivge Berg from Sweden, to South Africa. We are excited to have, once again, an international judge to go over our dogs, and we trust the exhibitors will also enjoy his vision and valuable opinion.

More about our judge later in this catalogue.

For a change, our show is not hosted at Laerskool Muldersdrift, but this time rather at Goldfields Kennel Club, grounds we all know well. We would like to urge you, the exhibitor, to respect the grounds and keep it clean.

A warm word of thanks to the South African Rhodesian Ridgeback Club for sharing their judge with us – we appreciate it beyond measure!

Results of the show, and your certificates, will be made available following the show, digitally via www.showassist.co.za.

Lastly, enjoy the show, and we look forward to hosting you again!

This show is held under the rules and regulations of the Kennel Union of South Africa (KUSA). The committee reserves the right to appoint an alternative judge if necessary. It is the responsibility of the exhibitor to ensure that dogs are always kept under control and shall be personally held responsible for all claims which may arise through injury or damage caused thereby. All dogs must always be kept on lead. Bitches in season are allowed, but due consideration must be given by handlers to other dogs in the ring and surrounds. The mating of bitches within the precincts of the Show is forbidden.

Please clean up after your dogs.

Please bring your own chairs, gazebos or umbrellas, crates, and water for your dogs. Shaded parking available, away from the show grounds. Refreshments will not be catered for – exhibitors are welcome to bring their own.

Meet our judge.

My name is John Berg, and I own the Rhodesian Ridgeback affix kennel “Maendeleo”, earlier co/owning kennel Kamba Anatulinda which now is terminated due to a divorce.

I’ve been in the Norwegian Royal Navy for 25 years when I retired with the rank of Commander. My last assignment was Captain of the Royal Academy Training Ship for new naval officers.

I bought my first Rhodesian Ridgeback in 1985 and from then a journey full of dogs and nice people started. I had my first litter in 1992 and until now I have bred 16 RR litters and 2 Thai Ridgeback Dog (TRD) litters. I’ve also breed 4 whippet litters and 4 papillon litters together with my wife (kennel name Minjimba Ridge). I’ve bred and owned several international and national champions with one of the best being Ukukhanya Scout The Red Baron (liver) imported from US.

I’m educated as a dog trainer, show secretary and in 2001 I passed the judge-exams and was approved to be FCI Judge for Rhodesian Ridgebacks.

Now I’m approved to give CAC/CACIB for most breeds in group 2, some breeds in group 5 and 70% of group 6 and group 4. I’m also working on breeds in group 10 where I’m now approved for Saluki.

I have had several positions within several clubs as chairman & editor of club magazine and member of show committee and breeding committee. At the moment I’m elected to the board of the local municipal as a politician. I’ve had and seen a lot of different ridgebacks throughout the years, and this has given me a wider perspective when judging ridgebacks. It’s the breed standard that describes the breed type and in the show ring I first and foremost consider the dogs type and secondly evaluate faults and preference against each other.

The general impression the dog gives you at first glance is very important. The dog must be

harmonious built, strong, muscular and symmetrical in outline. There is a lot to be said about how a breeds should be but I would emphasise that we remember when looking at any breed that he should be able to perform the functions he was originally bred to do and keep in mind all the things the pioneer breeders has done to develop and preserve the breed.
