- 3.6.1.1.1** The dog that wins the run-off will be the winner and the Record Card will be endorsed as such.
- 3.6.1.1.2** The dog that came second in the run-off will have the qualifying mark entered on its record card (but shall not share first place).
- 3.6.2** All dogs who achieve qualifying marks will likewise have their Record Cards endorsed in accordance with these Regulations.
- 3.7 Placing of Unqualified Dogs**
All dogs which qualify in a Grade at a Championship Trial shall be placed in that Grade in precedence to any dog which has not qualified, although the unqualified dog may have scored a higher aggregate of marks in the Grade.
- 3.8 Abnormal Circumstances**
If a dog's performance of an exercise is in the opinion of the Judge prejudiced by some unforeseen abnormal circumstances the Judge may at his discretion test that dog again in that particular exercise.
- 3.9 Handler's Commands**
The Judge will allow a handler to use spoken, whistled or visual signals to command his dog. The dog's name followed immediately by a single visual signal and a simultaneous spoken or whistle signal shall be regarded as one (1) command. The use of the dog's name is not compulsory.
Except in "Down Stay" exercises and except where otherwise stated in the Schedules and Descriptions of Exercises, extra commands and encouragement will not be penalised when used in the natural course of working. Judges may penalise at their discretion commands and encouragement which appear to them to be excessive in the prevailing conditions.
- 3.10 Working Conditions**
Although implicit obedience to all orders is necessary, dogs and handlers must operate in as natural a manner as possible as if actually working on patrol or other duty, except as expressly required otherwise.
To maintain both handler and public interest, Judges must endeavour to make the exercises as natural and as near as possible to the actual work being simulated.
- 3.11 Dog's Qualifying Record Cards**
No Judge shall permit a dog to compete in any Trial which he is judging unless the handler produces, before the start of the Trial, his dog's qualifying Record Card showing that the dog is eligible to compete in that Trial and Grade.
The Record Card shall be retained by the Judge until the end of the competition and will return the Cards to the competitors after the results have been announced.
- 3.12 Features of Judging**
- 3.12.1** The purpose of these exercises is to demonstrate the usefulness of the dog as the companion of man.
- 3.12.2** The responsibility of making the class interesting to the spectators and worthwhile to the handlers is left to the Judge.
- 3.12.3** Dogs must be judged on their ability to perform the laid down exercises and not upon their breed qualities.
- 3.12.4** Standardised judging is of paramount importance. Judges may not introduce their own variations into the exercises but must see that each handler and dog executes the various exercises exactly as described. A handler who is familiar with the standard should be able to enter the ring without having to enquire how the Judge wishes to have the exercise performed. Judges must adhere strictly to the Regulations and standards. In the event of any Club appointing a Judge normally resident outside the area of jurisdiction of KUSA, it shall be the responsibility of the Trial Manager to ensure that he is made familiar with and applies the terms, Regulations and standards of this Schedule.
- 3.13 Interference with Competitors**
The Judge of a Trial must remove from competition any bitch in season and any dog which behaves in an uncontrollable manner, any handler who interferes wilfully with another competitor or his dog, and may expel from competition any dog which he considers unfit to compete, or any bitch which appears so attractive to males as to be a disturbing element.

- 3.14 Withdrawal from Competition**
The owner or his deputy entering a dog in a Trial does so at his own risk and must compete in all the exercises of each Trial in which it is entered, unless expelled by the Judge or excused by the Judge and Trial Manager.
- 3.15 Disciplining of Dogs**
From the time a Judge takes control of the assembled competitors to begin judging a Trial to the point at which the Judge dismisses the competitors after the results of the Trial have been announced, no handler in that class shall physically discipline a dog. In the event of such physical disciplining occurring, or in the event of serious uncontrollable behaviour of a dog in the Trial, the Judge will severely penalise the dog concerned by deducting points from the total score of the dog. In addition, the Judge may, at his discretion, exclude the dog from further competition in the Trial.
- 3.16 Rewarding Dogs**
The carrying of food by the handler during an exercise is forbidden. However, words of praise are permitted between exercises after the Judge or Steward has said "End of Exercise".
- 3.17 Working Requirements**
The Judge is required to observe and score according to the following:
- 3.17.1** Enjoyment and willingness should be taken into consideration over a better working dog which shows fear and dislike of his work.
- 3.17.2** Gentleness and smoothness of handling is to be desired.
- 3.17.3** Commands and/or signals during "Stay" exercises are not allowed.
- 3.17.4** In the "Finish" the dog may proceed to the "Working Side" direct or around the handler.
- 3.17.5** Dogs must not anticipate commands.
- 3.17.6** Competitors are not allowed to be in sight during:
- 3.17.6.1** Placement of articles for Elementary search (Beginners CD & CD), Controlled Search TDI – PD & Veterans
- 3.17.6.2** Placement of the Search & Locate article TD3 and the Hidden Person PD
- 3.17.6.3** Laying of tracks TDI – PD & Veterans
- 3.17.7** Competitors are not allowed to watch the exercises being executed in 3.17.6.1; 3.17.6.2 3.17.6.3 above, unless they have completed the exercises themselves.
- 3.17.8** Competitors caught infringing the above will be disqualified from further competition.
- 3.18 Graduated Marking**
In all exercises the points awarded must be graduated.
- 3.19 Marking of Competitor**
As each dog completes a group or section his score for the exercise must be entered by the Judge on his score sheet and that score must be made known to the handler. Scores may not subsequently be changed except to correct arithmetical errors. The scores awarded should also be made known to the spectators as soon as is practically possible.
- 3.20 Announcement of Results**
After the scores are totalled and winners decided, before announcing the placings, the Judge will inform the public as to the total number of points required for a perfect score. He shall then announce the dogs which have qualified in the Trial, including any qualifications for award of "Excellent", and their scores as well as the scores of other competitors placed.
- 3.21 Adhering to Regulations**
No Judge shall require any dog or handler to do anything nor penalise a dog or handler for failing to do anything which is not required by these Regulations or in the Schedule and Description of Exercises.
- 3.22 Judge's Orders**
Judge's/Steward's orders must be clear to enable everyone to follow the judging.
- 3.23 Events outside the Regulations**
In the event of circumstances arising not covered by KUSA Rules and Regulations, the Judge of the Trial will have discretionary powers to make a ruling subject to confirmation by KUSA. In such instances the Judge must submit a report setting out all details to KUSA within fourteen (14) days of the Show.

The handler will present himself at the place indicated by the Judge with his dog on lead in the heel position (i.e. sitting at heel at the handler's working side). From the start of the exercise the handler will move with his dog as directed by the Judge. The object of the exercise is to test the dog's ability to remain naturally at the handler's working side while moving at normal, fast and slow paces, around obstacles and people. The exercise will be held in the open and while performing this exercise the handler will be expected to execute left, right and about turns and halts.

The dog must work on a loose lead all the time. Any tightening or jerking of the lead or guiding with the lead will be penalised.

4.1.2 Recall to Handler, 10 marks

Upon orders from the Judge the handler will leave his dog in the "Sit" or "Down" position (at handler's choice) and move forward at Judge's direction for a distance of approximately 20m, when (*upon orders from the judge*) he will halt and about turn to face his dog.

On *further* orders from the Judge the handler will call his dog which must come smartly to the handler, and must sit straight in front of him. On orders from the Judge the handler will command his dog to the "Heel" position.

4.1.3 Send Away, 10 marks

On orders from the Judge the handler will send his dog forward from the handlers working side to an object at a distance of approximately 15m, in a direction indicated by the Judge. When the handler considers his dog has reached the place indicated by distance and direction, or as near as possible, he shall command the dog to stop *in any position*. The dog is to stop immediately and remain there until the Judge instructs the handler to recall the dog. Upon its return, the dog shall sit straight in front of his handler. On Judge's orders the handler will command the dog to the "Heel" position. The handler will not move from his place throughout the exercise without the Judge's approval.

4.1.4 Retrieve a Dumbbell, 10 marks

Extra commands from the handler when away from the dogs will be penalized by 5 marks.

4.1.5.2 Any dog which moves from the "Down" position in the first half of the timed period shall lose all marks for the exercise. Thereafter all points deducted will be graduated.

4.1.5.3 A dog shall not be penalised for minor movement provided it does not move from the required "Down" position or move more than its own body length from its position. A dog which moves from its position more than its own body length shall lose all marks for the exercise.

4.1.5.4 There will be no test for steadiness during the exercise.

4.1.6 "A" Frame (10 marks)

Upon orders from the Judge the handler will take up a position approximately 3m in front of the "A" Frame with his dog on the working side off lead. Upon further orders from the Judge the handler will command the dog over the "A" Frame. (The handler may move forward with the dog, but no closer than 1.5m and **MUST** stop

immediately the command to "jump" is given). A command to the dog to stay (in any position) after landing on the far side of the "A" Frame is permitted. Upon further orders the handler will be commanded to move forward at normal pace and at the discretion of the Judge the handler will be commanded to turn left or right, and when the dog is in sight of the handler, the handler will be instructed to call his dog to "Heel". Once the dog has joined the handler the command "Halt" will be given and the exercise is finished.

A dog which does not obey the command to stay on the far side of the "A" Frame MUST be penalized. While the dog is at the far side of the "A" Frame, the Judge may test the dog for steadiness by himself (or a Steward) walking around the dog before the handler is instructed to move forward and recall his dog. Should the dog fall at the first attempt and itself initiate a successful second attempt, no marks should be deducted, if this second attempt by the dog should fail, the exercise should be terminated.

If the dog falls at the first attempt and an extra command is given by the handler to re-attempt the "A" Frame, that section of the exercise should be judged out of half marks. If this second attempt fails, the exercise should be terminated.

If the dog is recalled by the handler the exercise should be terminated.

The article will be a large object, not easily retrievable. The article will be so placed among natural cover as to be not readily visible to the handler or dog except at close range e.g. 3m. The article will not be buried or totally concealed.

It is permissible for the handler to direct the dog to ensure a thorough search but excessive commands not obeyed will be penalised (by a maximum of 2 marks for the whole exercise); the Judge using his discretion according to prevailing conditions. When the dog finds the article it must bark to attract the handler.

The dog must not bite or worry the article. A maximum of 5 marks will be deducted for biting or worrying the article.

The article may not contain food or carry the scent of food.

The article may not consist predominantly of metal.

A maximum time of ten (10) minutes is allowed.

Once the handler has reached the base line on the far side of the area he may turn round and come back on the centre line and continue the search with the dog if time allows. At the third incorrect indication by the handler of the dog finding the article the exercise will be terminated.

4.5.7 Leash Track

150 marks for track

15 marks for recognition of each article (3) by dog. (Total 45 marks).

TOTAL MARKS 195

The track is to be approximately 800m long and approximately three (3) hours old. NO TRACK may have more than 11 LEGS. One (1) marker or a small marked area will be used to indicate the start of the track, at the discretion of the Judge. If an area is used it must be clearly defined and must not be larger than 5m by 5m. Three (3) different kinds of article will be dropped on the track, the third being at the end of the track. The dog must find at least two (2) articles to qualify. No recast permitted.

A cross track may be permitted at the discretion of the Judge. A dog can become a Champion through his successes in completing these exercises and the track must be of sufficient complexity to warrant this status.

4.6.5 “A” Frame 10 marks (Scale 3, Stay 2, Return 5)

Upon orders from the Judge the handler will take a position approximately 3m in front of the “A” Frame with his dog on the working side off lead. Upon further orders from the Judge, the handler will command his dog over the “A” Frame. (The handler may move forward with the dog, but no closer than 1.5m and MUST stop immediately the command to “jump” is given). A command to the dog to stay (in any position) after landing on the far side of the “A” Frame is permitted. The handler will not move from his position after giving the command to jump. A dog which does not stay, whether before or after such a command, must be penalised. While the dog is at the far side of the “A” Frame the Judge may test the dog for steadiness by himself (or a Steward) walking around the dog before the handler is ordered to recall his dog. Upon orders from the Judge the handler will command his dog to return over the “A” Frame. After returning over the “A” Frame the dog is to sit straight in front of his handler before being commanded to the “Heel” position on Judges orders.

Group IV - Police Work

Group marks	200
-------------	-----

There are no minimum qualifying marks for the group but there are minimum qualifying marks for each exercise, as shown.

4.6.11 Quartering Search, 50 marks (Quartering 25 marks, food refusal 15 marks, barking 10 marks)

Minimum qualifying marks	35
--------------------------	----

If the dog bites the hidden person it will be seriously penalised. A well defined area of ground, not exceeding approximately 200m by 200m, will be used for this exercise. The Judge will indicate the boundaries of the area to the handler before the start of the exercise.

The hidden person is to conceal himself within the area as directed by the Judge and must remain concealed until found by the dog, or otherwise instructed by the Judge. The handler is to enter the area with his dog at a point indicated by the Judge and must systematically quarter the area. He must not move ahead of his dog at any time and must ensure that ground is cleared by his dog before he moves into or beyond it. When the dog actually sees the hidden person it must bark spontaneously to attract the handler and must continue barking until the handler comes up to the dog and commands it to stop barking. The handler may not command the dog to bark. The hidden person will offer the dog food when the dog comes near him and before the handler joins the dog. The food may be offered by hand, in a container or by being thrown to the ground. Any form of solid food may be used. The hidden person will not touch or attempt to touch the dog. A maximum time of ten (10) minutes is allowed.

4.6.12 Test of Courage, 45 marks

Minimum qualifying marks	32
--------------------------	----

This is a test of courage rather than a test of handler’s control. The dog is to be tested while with its handler, either on or off the lead, at the Judge’s discretion. The method of testing is to be at the discretion of the Judge. The primary objective of this exercise is for the dog to display its courage and not its ability to apprehend the assailant. The assailant shall use only an approved weapon (Regulation 2.11). No dog shall be struck except as indicated in “Guide for Judges”.

4.6.13 Recall from running person, 45 marks

Minimum qualifying marks	32
--------------------------	----

The essence of this exercise is control. The handler is to be provoked by the assailant prior to running in a direction previously indicated by the Judge. The handler is permitted to hold the dog by the collar during the provocation. The person must have covered at least 50m before the handler is permitted to send his dog. The dog is to be stopped and recalled when it reaches a distance of at least halfway between the handler and the running person. A dog which does not cease the pursuit before reaching the assailant and return to the handler when commanded to must fail the exercise. Disobedience to the recall command and extra commands must be penalised. The assailant must continue running until instructed to stop by the Judge.

4.6.14 Pursuit and detention of assailant followed by search and escort, 60 marks

Minimum qualifying marks 42

The Judge is to assess the ability of the dog to pursue and effectively detain a running person. The assailant must continue to attempt to escape until the Judge is satisfied that the dog and handler have succeeded in preventing the escape of the assailant who must then stand perfectly still. Circling by the dog is not deemed an effective method of detention. The dog must then release the assailant on command from the handler or if the assailant stands still. Extra commands to release will be severely penalised. Any dog, which in the opinion of the Judge, fails to detain the assailant will forfeit all marks gained in the "recall from running person" exercise. At the end of the pursuit and detention exercise the handler must search the assailant and then, with his dog off the lead, escort the assailant as directed by the Judge for approximately 50m. During the search, the handler must position his dog judiciously, control his dog at all times, and show that he is able to search the assailant thoroughly without placing himself in danger.

The search should not be done in such a way as to embarrass the assailant and spectators or endanger the assailant. Not more than two (2) weapons may be concealed on the assailant. During the escort the handler is to ensure that his dog is so placed as to be ready to defend the handler and to prevent any attempt at escape by the assailant.

4.7 Veterans Trial

Maximum marks 300

Minimum qualifying marks 240

Eligibility

This Trial is open to any dog aged seven (7) years or more at the date of the Trial, which has previously attained at least one (1) of the qualifications TDI, TDII, TDIII, PD, FCI-IGP1, FCI-IGP2, FCI-IGP3.

Group I - Control

Group marks 50

Minimum qualifying marks for Group 35

4.7.1 Heel Free, (10 marks)

This exercise will be carried out as for Tracker Dog Grade I.

4.7.2 Send away and redirection, 25 marks

This exercise will be carried out as for Tracker Dog Grade III except:

4.7.2.1 after the initial sending forward for approximately 50m and stopping, the dog must be recalled by the handler in the reverse direction for 25m and stopped,

4.7.2.2 the dog is again sent forward in the original direction approximately 25m and again stopped,

4.7.2.3 the dog is then redirected by the handler in a direction previously indicated by the Judge, either to left or to right, for a distance of approximately 20m and stopped,

4.7.2.4 the dog is again redirected by the handler in the direction reverse to that in 4.6.2.3 (i.e. if the dog was first redirected to the left it is now redirected to the right and vice versa) for a distance of approximately 20m.

4.7.3 Down Stay - Ten minutes, 10 marks

This exercise will be carried out as for the Companion Dog Grade.

4.7.4. Speak on Command, 5 marks

On orders from the Judge the handler will leave his dog in the "Sit" position, move forward ten (10) paces, halt and turn about to face the dog. On further orders from the Judge the handler is to command his dog "Speak" and the dog must commence barking and continue without further command until stopped by the handler on orders from the Judge.

Group II - Nosework

Group marks 250

Minimum qualifying marks for group 175

4.7.5 Controlled Search, 40 marks (dropped articles 5 marks each, buried articles 15 marks each)

This exercise will be carried out as for the Tracker Dog Grade I except that two (2) of the four (4) articles will be buried just below the surface of the ground instead of being dropped.

4.7.6 Quartering Search, 50 marks (quartering 30 marks, food refusal 10 marks, speaking 10 marks)

This exercise will be carried out as for the Police Dog Grade.

4.7.7 Leash Track

140 marks for track

10 marks for recognition of each article (2) by dog. (Total 20 marks).

TOTAL MARKS 160

The track is to be approximately 800m long and approximately two (2) hours old. From a marked out area approximately 25 x 25 paces, two (2) tracklayers will emerge and walk together for thirty (30) paces before separating. Each will then lay an identically patterned track with articles but going in opposite directions. At about half way, the two (2) tracklayers will cross each other's tracks and continue again in opposite direction for the remainder of the track. The first article will be dropped by each tracklayer before the crossing of the tracks and the second article will be dropped at the end of each track. The dog will be taken to the marked out area to pick up the scent of the tracklayers which he will follow until the separating point is reached. The dog must then follow one (1) track. Where the two (2) tracks cross each other the dog must continue to follow the same track and ignore the other. The dog must find both articles to qualify.
