Dear Sir

ANNUAL REPORT

On behalf of the National Breed Judges Sub-Committee, I have pleasure in presenting this report on the examinations and curriculum development with regard to the KUSA Breed Judges Learning Programme.

CURRICULUM DEVELOPMENT

Currently in development, are the following:

- Bull Terrier Specialisation course
progress: in consultation with breed specialists, research continues, finalising content, rough draft begun
- Boerboel Specialisation course
progress: research continues, rough draft in place, temporarily on hold due to organisational issues
- Breed Health Study Guide
progress: considerable research done, consultation with compilers in other countries, basic model designed, resources gathered, rough draft almost complete

With regard to future projects:

- German Shepherd Dog Specialisation course – requested for 2017
- Revision of the Level 1 Practical Workshop – to be updated to an online or electronic course – envisaged for 2017
- A library of online seminars with worksheets and signing-in capacity to record individual usage – long-term development

EXAMINATIONS

With the readjustment of breed names and, in many cases, updated breed standards, a complete review has been done on the bank of examination questions, and additional questions continue to be developed.

Also, with the introduction of new breeds in the ring, and the disappearance of others, the weighting formula for the questions in each group has been adjusted so, for example, there are now 7 questions allocated to the Keeshond as opposed to only one, since it was previously considered a rare breed in South Africa.

For the June 2016 examination session, 19 Candidates sat the examination with a breakdown as follows:

- Paper 1: 3 Candidates = 3 passed
- Junior Showmanship: 1 Candidate = 1 passed
- Paper 2: 3 Gundog Candidates = 2 passed
- Paper 2: 2 Herding Candidate = 2 passed
- Paper 2: 3 Hound Candidates = 1 passed
- Paper 2: 2 Terrier Candidates = 2 passed, 1 with distinction
- Paper 2: 4 Toy Candidates = 4 passed
- Paper 2: 1 Working Candidates = 0 passed

Distribution of marks was as follows:

55-59%	60-64%	65-69%	70-74%	75-79%	80-84%	85-89%	90-94%	95-100%
