6.3.2. **Registration – German Shepherd Dogs** (Fedco 12-2016 & Fedco 12-2015)
Fedco approved a proposal to legitimise German Shepherd Dog registrations within KUSA (NCO of FCI in RSA) and interested parties were to be given until 31.12.2016 to submit registrations and apply for current Kennel Names, after which the current KUSA regulations for registrations would apply.
Date to be reviewed .
Agreed unanimously to extend the grace period for a further year until 31.12.2017.
Agreed unanimously to extend the grace period until **31 May 2018** to align with the termination date of the FCI-WUSV agreement.

Our proposal is that from the 01 June 2018 (or whatever date as decided by Fedco) all GSDFSA dogs are registered in the KUSA Appendix Register. This was agreed to by all members of the GSD Liaison committee via email communication. Dated 05/04/2018.

The FCI Circular 13-2018 clearly states:
"No German Shepherd Dog (GSD) pedigree issued after May 10, 2018 can bear simultaneously the FCI and the WUSV logos. Only FCI members/contract partners and GSD breed clubs affiliated to FCI members/contract partners are allowed to use the FCI logo".

GSDFSA dogs will be registered in the Appendix Breed Registers in accordance with:

- FCI Regulations – Article 8 – Clauses 1 & 4
- KUSA – Schedule 2 – Clause 1.1.1 & 1.1.1.1 – 1.1.1.2
    - This all provided that the requirements as specified by KUSA are met, including microchip identification and DNA proven.

Dogs registered in these Appendix registers, at Level 1 & 2, may be entered in Breed Classes at Non-Championship Shows & Championship Shows with awards. Dogs on this register are not eligible for Breed Championship status. Dogs entered in these Appendix Breed Registers may compete in other licensed Disciplines events with awards, provided they fulfil all other related requirements.

Progeny of such dogs will be registered in the Appendix Breed Register up the fourth generation, the fourth generation will be registered in the Primary Breed Register.
